

## NEWS RELEASE

December 9, 2021

TSX.V: AUL  
OTCQB: AURQF

### **Aurelius Minerals Provides Update on 2021 Annual General Meeting of Shareholders**

Toronto, ON - Aurelius Minerals Inc. (TSX.V: AUL; OTCQB: AURQF) (the "Company" or "Aurelius") announces its Annual General Meeting ("AGM") will be held on Thursday, December 16, 2021 at 11:00 am EST at the Company's Toronto office at 19<sup>th</sup> Floor, 110 Yonge Street, Toronto, Ontario.

In response to the continuing public health impact of COVID-19, and to mitigate risks to the health and safety of its shareholders and employees, the Company is urging shareholders not to attend the AGM in person.

Registered shareholders and duly appointed proxy holders may participate in the AGM via a live conference call. Registered shareholders and duly appointed proxy holders who have properly registered prior to the AGM as outlined below will be able to ask questions of management via the conference call at the conclusion of the AGM.

Shareholders should vote on the matters before the AGM by proxy or voting instruction form prior to the proxy cut-off on Tuesday, December 14, 2021 at 11:00 am EST.

#### **Joining the AGM**

In order to participate in the AGM, registered shareholders and duly appointed proxy holders must register via the following link prior to the proxy cut-off at 11:00 am EST on Tuesday, December 14, 2021.

Registration link: <https://event.cwebcast.com/ses/ZY6GVsxWTcyXh5ZoheUIng~~>

After you register, you will be provided with call in details including a Conference ID and your PIN. Please note that phone networks are currently very busy due to the pandemic, and it is recommended that you attempt to connect at least fifteen minutes prior to the scheduled start time of the AGM.

Registered shareholders and duly appointed proxy holders who regard their physical attendance at the AGM as essential are asked to contact Lorna MacGillivray, Secretary of the Company at 416 304-9093 or [lorna@aureliusminerals.com](mailto:lorna@aureliusminerals.com) prior to 11:00 am EST on Tuesday, December 14 2021 so that appropriate measures can be put in place to facilitate physical distancing and other precautions or alternative participation arrangements made to ensure the health and safety of all attendees. The Company will follow the guidance and orders of Provincial and Federal public health authorities in that regard, including those restricting the size of public gatherings.

## **AGM Materials**

Shareholder materials for the AGM were filed and mailed to shareholders on November 23, 2021, and can be found on the Company's website via the following link:

## **About Aurelius**

Aurelius is a well-positioned gold exploration company focused on advancing its recently acquired and renamed Aureus Gold Properties, including Aureus East and West, the Tangier Gold Project and the Forest Hill Gold Project located in Nova Scotia and described in detail in the Company's press release of November 18, 2019.

Aurelius is also focused on advancing two district-scale gold projects in the Abitibi Greenstone Belt in Ontario, Canada, one of the world's most prolific mining districts; the 968-hectare Mikwam Property, in the Burntbush area on the Casa Berardi trend and the 12,425-hectare Lipton Property, on the Lower Detour Trend.

The Company has a management team with experience in all facets of the mineral exploration and mining industry who will be considering additional acquisitions of advanced staged opportunities in Nova Scotia, the Abitibi and other proven mining districts.

On Behalf of the Board

### **Cautionary Note Regarding Forward-Looking Information**

*This news release contains "forward-looking information" under the provisions of applicable Canadian securities legislation, concerning the business, operations and financial performance and condition of Aurelius. All statements in this press release, other than statements of historical fact, are "forward-looking information" with respect to Aurelius within the meaning of applicable securities laws, including statements with respect to the Company's planned drilling and exploration activities, the anticipated benefits of the Acquisition and the development of the Aureus Gold Properties, the future price of gold, the estimation of Mineral Resources, the realization of Mineral Resource estimates, success of exploration activities, permitting time lines, currency exchange rate fluctuations, requirements for additional capital, government regulation of mining operations, environmental risks, unanticipated reclamation expenses, title disputes or claims and limitations on insurance coverage. Generally, this forward-looking information can be identified by the use of forward-looking terminology such as "plans", "expects" , "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" , "believes", or variations or comparable language of such words and phrases or statements that certain actions, events or results "may", "could", "would", "should", "might" or "will be taken", "occur" or "be achieved" or the negative connotation thereof. Forward-looking information is necessarily based upon a number of factors and assumptions that, if untrue, could cause the actual results,*

*performances or achievements of Aurelius to be materially different from future results, performances or achievements expressed or implied by such statements. Such statements and information are based on numerous assumptions regarding present and future business strategies and the environment in which Aurelius will operate in the future, including the price of gold, anticipated costs and ability to achieve goals.*

*Certain important factors that could cause actual results, performances or achievements to differ materially from those in the forward-looking information include, among others, gold price volatility, mining operational and development risks, litigation risks, regulatory restrictions (including environmental regulatory restrictions and liability), changes in national and local government legislation, taxation, controls or regulations and/or change in the administration of laws, policies and practices, expropriation or nationalization of property and political or economic developments in Canada, delays, suspension and technical challenges associated with projects, higher prices for fuel, steel, power, labour and other consumables, currency fluctuations, the speculative nature of gold exploration, the global economic climate, dilution, share price volatility, competition, loss of key employees, additional funding requirements and defective title to mineral claims or property. Although Aurelius believes its expectations are based upon reasonable assumptions and has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking information, there may be other factors that cause actions, events or results not to be as anticipated, estimated or intended. Mineral Resources are not Mineral Reserves and do not have demonstrated economic viability. There is no certainty that all or any part of the Mineral Resources will be converted to Mineral Reserves. Inferred Mineral Resources are based on limited drilling which suggests the greatest uncertainty for a resource estimate and that geological continuity is only implied. Additional drilling will be required to verify geological and mineralization continuity and it is reasonable that most of the Inferred Mineral resources could be upgraded to Indicated Mineral Resources.*

*The Company provides forward-looking information for the purpose of conveying information about current expectations and plans relating to the future and readers are cautioned that such statements may not be appropriate for other purposes. By its nature, this information is subject to known and unknown risks, uncertainties and other important factors that may cause the actual results, level of activity, performance or achievements of Aurelius to be materially different from those expressed or implied by such forward-looking statements, including but not limited to: risks related to difficulties in executing exploration programs at the Mikwam, Lipton and Aureus Gold Properties on the Company's proposed schedules and within its cost and scheduling estimates, whether due to weather conditions, availability or interruption of power supply, mechanical equipment performance problems, natural disasters or pandemics in the areas where it operates, the integration of acquisition; risks related to current global financial conditions including market reaction to the coronavirus outbreak; competition within the industry; actual results of current exploration activities; environmental risks; changes in project parameters as plans continue to be refined; future price of gold; failure of plant, equipment or processes to operate as anticipated; mine development and operating risks; accidents, labour disputes and other risks of the mining industry; delays in obtaining approvals or financing; risks related to indebtedness and the service of such indebtedness, as well as those factors, risks and uncertainties identified and reported in Aurelius' public filings under Aurelius' SEDAR profile at [www.sedar.com](http://www.sedar.com). Although Aurelius has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking information, there may be other factors that cause actions, events or results not to be as anticipated, estimated or intended. Accordingly, readers should not place undue reliance on forward-looking statements. There can be no assurance that such information will prove to be accurate as actual results and future events could differ materially from those anticipated in such statements. Forward-looking statements are made as of the date hereof and, accordingly, are subject to change after such date. Aurelius disclaims any intention or obligation to update or revise any forward-looking information, whether as a result of new information, future events or otherwise unless required by law.*
